

ACP Presents: From Battlefield to Cyberfront with CrowdStrike

A Veteran's Path to Cybersecurity!

CrowdStrike is a global leader in cybersecurity. They have redefined modern security by protecting critical areas of enterprise risk with their most advanced cloud-native platform, CrowdStrike Falcon. They leverage real-time indicators of attacks, threat intelligence, evolving adversary tradecraft and enriched telemetry to deliver hyper-accurate detections, automated protection and remediation, elite threat hunting and prioritized observability of vulnerabilities.

“CrowdStrike: We stop breaches.”

Join CrowdStrike and ACP for a discussion on the opportunities and resources available to the veteran and military spouse community. Get insider knowledge from a panel of CrowdStrike employees with an introduction by Shawn Henry, Chief Security Officer, about how your experiences align with a career at this industry leading company.

Find your next career at CrowdStrike here!
